Commissioner for Patents

Response to Applicant's Amendment

The amendment filed on June 25, 2004 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): Applicant's reply does not comply with 37 C.F.R. 1.111 (b) because it does not include arguments pointing out specific distinctions believed to render the added claim(s) 29-35 are patentable over the applied references. See 37 C.F.R. 1.111 (b) and the Applicant references new claims 29-35 as being rejected over Freeman, Bohannon, Allard, and Simonson. On page 13 of the response "Applicant notes that Freeman, Bohannon, Allard, and Simonson, alone or in any combination, do not disclose or suggest receiving a request for said electronic document, said request including a requested time-stamp and a domain name, wherein said domain name is associated with a first domain for a first time period and a second domain for a second time period; and identifying one of said first domain or said second domain utilizing a time indicated by said time-stamp. The Examiner is confused as to where the Simonson reference was used in the prior Office action. Also, claims 29-35 were not present in the last amendment of record. Since the above-mentioned reply appears to be *bona fide*, applicant is given a time period of **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Extensions of this time period maybe granted under 37 CFR 1.136(a).

This action is **NON-FINAL**. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ella Colbert whose telephone
